

Update: 2/5/2010

Rehearsal last Friday was an inspiration to see as students showed so much professionalism and joy while they worked on creating this spectacular show. This is one of those shows where the ensemble is going to set the tone and energy for the whole show. We have so many talented kids this year that it is going to make for a very successful production.

A special thanks to Brian (& Suzannah) Hart for all that he is doing for our sets. If you end up wondering why there has been less of a burden getting our sets done, you have Brian to thank.

Important information is below.
God bless,
Jeremiah Enna
Executive Director

Have Food - Will Serve!

Moms & Dads don't forget that Papa Murphy's Pizza is being sold for \$1.00 per slice or \$4.00 per meal at Friday Rehearsals! The Project Dance Families cook them right before the 6:00 dinner break so they can get a warm & healthy dinner. Just have the kids stop by the 'Ordering Table' and purchase what they want (cheese or pepperoni) at Check-In. *If you have already put money into your child's dinner account they only have to tell us what they want that night.*

Thank you for supporting the Project Dance Mission Students!
